Hence, to help all the students, we have prepared the notes of Bsc organic chemistry. Personally, I liked two things in these notes: A) The gradual depth of concepts, which saved me the overwhelming feeling one feels when (disorganized) information of so-called "mandatory textbooks" comes exploding from everywhere; B) The abundance of problems and their detailed solutions! Also, it looks weird, but the professor - on his website - promises to answer FREELY and INSTANTANEOUSLY any email asking a chemistry question through his website. The Indian education system has become modernised. If you’ve any doubt regarding any of the notes, let us know in the comments. Mechanism of Organic Reactions2. Arenes & Aromaticity3.
